

SYMH Primary Update

September 2018

Visit www.symathshub.org.uk to see the growing list of work groups now available on our interactive map!

With many of these starting this term, don't leave it too late to register your interest in engaging with other colleagues to work collaboratively on improving maths education in your school.

Remember these professional development opportunities have been funded by the DfE and so are FREE to participate in.

Best wishes.

Pete

South Yorkshire Maths Hub Primary Update
 Past copies of Update can be uploaded from the SYMH website [newsletter page](#).
 SYMH Administrator Tara Webster can be contacted at admin@symathshub.org.uk

Data Privacy

As part of our role in leading the South Yorkshire Maths Hub, Notre Dame collects and hold a certain amount of data about individuals involved in our work.

Engagement in work groups

The data includes name, role (with respect to hub work), school, email address, NCETM username and (in some cases) telephone number. The agreement between us and the Department of Education requires us to monitor and evaluate our work as a Maths Hub, and this is the legal basis for the data that we hold, on, for example, participation in the Work Groups that we coordinate. Such data is reported on a regular basis to the NCETM and shared with those individuals and organisations who are providing Maths Hub Leadership in our region (for example running work groups) to enable them to communicate with participants. In addition, we use this data to keep in touch with you on professional development opportunities and related matters.

This data will be retained for the duration of the activity of the South Yorkshire Maths Hub.

Newsletter registration

We collect and hold data of individuals who have registered to receive e-newsletters we send as part of our role in coordinating the South Yorkshire Maths Hub. The data includes name, school and email address. This data is used solely for distribution of newsletters and Hub related communication and is not shared. Personal data held for the distribution of newsletters will be retained until such point that you contact us to request that we remove your data from this list.

If you have any questions or concerns around our privacy policy please contact admin@symathshub.org.uk or data@notredame-high.co.uk
