

Observe teachers from Shanghai teaching mathematics

Byron Wood Academy, Sheffield S4 7YA

21st January 2019 13:00 – 15:15 Year 2

23rd January 2019 13:00 – 15:15 Year 4

Don't miss the opportunity to see how Shanghai teachers design lessons. See how they break learning down into small steps and use carefully selected representations so all children understand each teaching point. Notice how tasks provide children who grasp concepts quickly to explore at a greater depth.
